

TACO FIESTA NIGHT

Lorain County's Community Action Agency Needs YOUR help!

LCCAA's 13 great programs –HEAD START, HEAP, EMERGENCY HOME REPAIR and more—
Alleviate poverty and empower people to lift themselves up "by their bootstraps."

HEAD START provides Lorain County kids with a safe, nurturing, engaging, secure learning environment, to help them gain the awareness, skills, and confidence necessary to succeed by dealing with responsibilities in school and in life.

LCCAA's HEAP helps households whose source of home energy is threatened with disconnection. Households who qualify receive assistance to restore or continue their utility services.

LCCAA makes matching grant funds available for qualified individuals to pay for emergency home repairs. Programs are designed to improve safety and health conditions in homes owned and occupied by income-eligible persons including Exterior Structural Defects, Furnace, Handicap Accessibility Improvements, Plumbing and Small Electrical Hazards.
