

Ohio Edison/Community Connections provides additional funds to save you money!

Ohio Edison has provided funding to Lorain County Community Action Agency (LCCAA) to offer energy-efficient refrigerators, freezers and light bulbs to low-income OHIO EDISON customers.

These energy-efficiency measures will help eligible households reduce their energy bills. Low-income homeowners and renters who are OHIO EDISON customers (Ohio Edison) residing in Lorain County and whose in-come is at or below 200% of federal poverty guidelines are eligible to apply for the program. The program offers each customer an energy assessment to determine if their refrigerator and/or freezer need to be replaced.

The assessment will also identify the number of compact fluorescent bulbs that need to be installed. These will replace your incandescent light bulbs that are substantially less efficient!

The old energy-inefficient appliances will be removed and replaced with the new energy-efficient appliances.

Homeowners and Renters must:

- Reside in Lorain County
- Be income eligible, 200% of poverty
 - If you are currently a HEAP or PIPP participant you are income qualified!
- Own the refrigerator/freezer

If you are interested in this program and would like to schedule an appointment for the energy assessment, please contact:

(440) 204-3151
